LARGE FURNITURE WAREROOMS .- We cop the following first rate notice from one of our city papers, and indorse the same as strictl true in every sense of the term :

John M. Stokes & Son's Furniture Establisment.—It would be very difficult, we imagine, enter a house, not only in this city, but in the Southwest, where there was not some specime of the enterprise and manufacturing skill of Mesers. J. M. Stokes & Son, the great from ture mannfacturers. You would inevitably s upon one of their chairs, or eat from one of the tables, or partake of the potable hospitalities from one of their sideboards, or repose you weary limbs upon one of their magnificen couches. These gentlemen have been so long engaged in the trade, and the ramifications of their business are so extensive, that the firm name has become renowned as one of the in supplying a much greater demand than is im A visit to the warerooms of this house would

repay the curious, or those who love to se what progress is being made in an importan department of the useful arts. They will see the wondrone strides that ingennity and seien-tific skill have made in preparations for the domestic comfort of man, and wonder how it is

that in the olden time people could live so rudely and uncouthly.

Furnishing a house is a matter of no inconsiderable difficulty, and it is not every young wife or husband that possesses the requisite There are scores of articles they never would dram of, that would be conducive of their hap piness, and the possession of which would cause the honeymoon to extend far beyond the usually allotted brief period. Then, the young housekeepers are prone to get a great many things for which there is no use. They over load their parlors, and crowd their bed-chambers and random had a distinct the second their parlors. bers, and render the dining-room an unconfortable apartment. They select articles n tasteful or appropriate, and give an air of dis-comfort to the home they naturally wish to render cosy and elegant. Now, we can advise all each persons how they can avoid these disagreeable things. Let them visit the establish meat of Mesers. Stokes, and consult thos gentlemen. They can do so without hesitation and place perfect reliance in their good task and excellent judgment. They will be told what would be most appropriate, and then when the bill of charges was rendered it would be found exceedingly moderate. So there would be economy of money, time, and comfort.

This establishment is one of the largest i the West, and has been built up by the energy tact, and industry of the proprietors. The warersoms extend from Main to Third street, and are crowded with every description of a ticles necessary for furnishing dwellings, off ces, kitchens, charches—in fact, everythin necessary for that which is, after all, the great

They are of great merit, and already too well known to the public at large to need any very special notice from particular individuals. The Pain Killer has become a honsehold remedy throughout the West, and the Sherry Wine Bitters are superior to any bitters we have ever met with. and as they become known the demand increases, and all find from their use satisfactory

DR. C. W. ROBACK, M. D.: Dear Sir: For the past several months have been laboring under great weakness and general debility, much of the time confined to my bed, and from which I received no benefit from my physician. After using some of your blood pills and blood purifier, purchased of your agent, Mr. Wm. II. H. Plummer, I feel as a new person, almost entirely free from disease, and would recommend your medicines to all who are in need of so invaluable remedies.

Yours, army, MARY Y. HOFFMAN. See advertisement in another column. You will find a great variety of fine

atches, Clocks, Jewelry. Silver Ware, Spectacles and everything in the jewelry line at P W. Ramsey's, on Third street, where you can get a bargain, if you will call.

"How SHALL WE DRESS"-AX IMPORTANT OURSTION. - A fashionable woman's first ques tion, on almost every subject, is invariably "How shall we dress " " And in solving that very important problem every other point is a once and entirely lost sight of. Like the asculine "What shall we take," il is the alpha and omega of every conversation. Then, as this subject of dress has absorbed so much of the attention of our people, it is important to know where a gentleman can get an outfit that will give him character as a man of taste. J. M. Armstrong, on Main street, opposite the National, is recognized as the best authority for styles in this city. His stock of men's, youth's, and children's clothing, for the present season, is unusually handsome. Call

Doors, Sask, Blinds, Boxes, Lumber and SHINGLES .- Mesers. Breeden & Bradley have on hand a large lot of doors, sash, blinds xes, &c., at their warerooms, ca First street etween Main and the river, and they are prered to execute all cruers for woodwork nec sary for the inside finish of frame or brick houses of every description, as heretofore.
They invite special attention to the large stock of well-seasoned pine lumber and shingles at their yard on Walnut street, between East and Floyd. They furnish bills of prices on application, and solicit orders in their line.

A a time when there is great fear tha he stock of dry lumber, sash, doors, blinds &c., will fall short, owing to the vast amount of improvements in Louisville, it will be inte ng to the public to know that Alexand esting to the purame to know that Alexander, er, Ellis & Co., have enlarged their factory and have now on hand several million of dry lumber. Call at their office on Main street, nearly opposite the Galt House, or at their factory on Fulton, above Preston street.

TRUNKS .- Among the places wo rthy of the attention of the visitors to Lou swille at the precent time, is the great trun' manufactory emporium of J. H. M. Cleary, on the northeast corner of Fourth and Main streets. His large manufactory en' bles him to supply trunks, valises, bonnet a' ad hat boxes, carpet bags, bureau trunks, e'.c., of the very best quality, at unpreceder ted low prices. Ail of Mr. McCleary's work is beautiful as well as durable goods. Give him a call.

Look to Your Interests. The people are aware that D. O'Hare, No. 427 Main street, is the oldest, largest and most experienced manufacturer of trunks and simi lar articles in the city. They should avail themselves of the rare opportunities afforded by Mr. O'Hare .. To country and city merchants he offers peculiar advantages in his wholesale department, while in the retail line be cannot be equaled. Whoever wants to travel, whether with a small carpet-bag or a mammoth trunk, need go no further than to the Great Western Trunk Factory of Mr. O'Hare.

His manufactory is a credit to Louisville, and should meet with extensive patronage. Hun-dreds of workmen are employed, and thousands of dollars weekly disbnrsed. As a matter of thome pride, and to subserve economy, purchasers will consult their best interests in purchasing of Mr. O'Hare.

BARRY'S TRICOPHEROUS is the best and cheapest article for dressing, beautifying, cleansing, curling, preserving and restoring the hair. Ladies, try it. Sold by all Drug-gista and Perfamers. mr16 d6m

FINE FURNITURE. - Wharton & Bennett keep constantly on hand a large stock of desirable parlor, office and chamber furniture, of all kinds and patterns which they sell at their wareroom at the lowest prices. Their store is Nos. 502 and 504 Market street, between Second and Third.

Hoor SEIRTS .- John M. Robinson & Co. are now manufacturing a large stock for the Spring trade. Their Skirts have attained great popularity, as they use only the very est tempered watch spring steel, and each hoop is fastened to the tapes by means of a cone loop instead of the ordinary clasp. Thus effectually preventing the annoyance of the tapes being constantly out. Their skirts can be had at all the retail houses throughout he South and West. Sold only at wholesale.

J. N. Collins sells the best of coal at his office, Third street, between Market and Jeffer-MCLEAR'S STRENGTHENING CORDIAL. - This

avaluable compound, we are glad to know, has become the most popular remedy in the United States. Nearly every family keeps it on hand. They find it saves physicians' bills. A small quantity given in season will ward off Fevere, or any prevalent disease. See the advertisement in another column. apr3ddwlm

Good.-A lunatic once informed a physician who was classifying cases of insanily, that he lost his wits by watching a politician, whose course was so crooked that it turned his brain. If, on the contrary, he had been watching the effects of Heimstreet's Hair Restorative, he would have saved his wits and learned a curi-ous triumph of Art over Nature. See adver-
